

Red Head Henna

HOW TO STORE YOUR HENNA

-KEEP IN MIND YOUR HENNA PASTE AND POWDER WILL LOOSE ITS STAINING POWER IF NOT STORED PROPERLY.

-HENNA PASTE AND POWDER SHOULD BE STORED IN THE FREEZER WHEN NOT IN USE.

-MAKE SURE THE YOUR PASTE OR POWDER IS PROTETED FROM LIGHT. A SIMPLE PAPER TOWEL WRAPPED AROUND YOUR HENNA WILL DO THE TRICK.

-SEAL YOUR PASTE OR POWDER AWAY FROM AIR. TAKE YOUR WRAPPED UP HENNA AND SEAL IN A ZIPPER BAGGIE. MAKE SURE TO PUSH OUT ALL THE AIR YOU CAN FROM THE BAGGIE.

-DON'T FORGET TO LABEL YOUR BAGGIE WITH A DESCRIPTION AND DATE!

-YOUR HENNA CAN BE STORED THIS WAY FOR UP TO A YEAR AND IT WILL KEEP ITS STAINING POWER.

-THAW HENNA BY LEAVING HENNA OUT IN THE SUN OR UNDER A LAMP, BUT NOT FOR TOO LONG.

-BE CAREFUL NOT TO THAW AND REFREEZE YOUR HENNA TOO MANY TIMES AS THIS WILL DEGRADE IT'S STAINING POWER.

-JUST REMEMBER TRY TO USE ONLY WHAT YOU NEED AND KEEP THE REST FROZEN.
