

Red Head Henna

How to use a henna cone

SNIPING THE TIP OF THE CONE WITH NAIL CLIPPERS IS THE MOST PRECISE WAY TO ACHIEVE THE SIZE HOLE YOU WANT.

APPLYING HENNA PASTE IS VERY SIMILAR TO APPLYING ICING ON A CAKE. WHERE THE PASTE CONTACTS THE SKIN IS WHERE THE STAIN WILL APPEAR. SMOOTH CLEAN LINES WILL RESULT IN THE BEST LOOKING STAIN.

WHEN SQUEEZING THE CONE IT SHOULD BE FAIRLY EASY, IF YOU HAVE TO SQUEEZE WITH A LOT OF PRESSURE FOLD DOWN THE TOP OF THE TUBE AND TAPE THERE.

IF YOUR TUBE GETS CLOGGED, TAKE A TISSUE OR PAPER TOWEL AND PINCH THE CLOG OUT.
